

CORION BCI GROWTH FUND

MINIMUM DISCLOSURE DOCUMENT (MDD)

JANUARY 2025 | CLASS A

Investment Policy and Objective

The fund aims to maximise long term capital growth. It may include liquid assets, equities, notes, property securities, preference shares, convertibles, interest-bearing, and non-equity securities. It can invest in participatory interests and other forms of collective investment schemes, and may from time to time invest in listed and unlisted instruments, in accordance with the provisions of the Act. The benchmark is the ASISA SA Multi Asset High Equity Category Average. Over a five year period, the fund targets CPI plus 5%.

Investor Profile

The fund is appropriate for investors who aim to maximise capital accumulation over a longer term time horizon and are seeking higher returns. The investor must be willing to tolerate a higher volatility of returns. The fund is compliant with Regulation 28 of the Pension Funds Act.

Risks

Certain investments - including those involving futures, options, equity swaps, and other derivatives may give rise to substantial risk and might not be suitable for all investors. Where foreign securities are included in the portfolio there may be additional risks such as potential constraints on liquidity and repatriation of funds, macroeconomic risk, political risk, foreign exchange risk, tax risk, settlement risk as well as potential limitations on the availability of market information.

Total Expense Ratio and Effective Annual Cost

A higher TER ratio does not necessarily imply a poor return, nor does a low TER imply a good return. The current TER cannot be regarded as an indication of future TER's. Transaction Costs are a necessary cost in administering the Fund and impacts Fund returns. It should not be considered in isolation as returns may be impacted by many other factors over time including market returns, the type of Fund, the investment decisions of the investment manager and the TER. The TER includes all fees paid by portfolio to BCI, the trustees, the auditors, banks, the co-naming partner, underlying portfolios, and any other investment consultants/managers as well as distribution fees and LISP rebates, if applicable. The portfolio's performance numbers are calculated net of the TER expenses. The investment manager earns a portion of the service charge. No performance fees is charged on the fund.

Boutique Collective Investments adopted the ASISA Standard on Effective Annual Cost ("EAC"). The EAC measure allows you to compare charges on your investments as well as their impact on your investment returns prior to investing. For further information regarding the ASISA Standard on Effective Annual Cost and access to the EAC calculator please visit our website at www.bcis.co.za. BCI calculates the EAC as per the ASISA standard for a period of 3 years up till the most recent TER reporting period.
